Peachtree by Sage - Quantum 2010

The Ultimate, High Performance Peachtree Accounting Solution.

Designed for businesses that have large data requirements and multi-user access needs, Peachtree Quantum is the top-of-the-line accounting solution in the Peachtree family that provides all the features found in Peachtree Premium Accounting, plus access for up to 30 licensed, named users¹ and advanced security to ensure that work is done securely. And for businesses needing the ability to centralize all their business functions into one collaborative solution, our new Order Process Workflow feature helps keep track of all the moving parts of the order process, so nothing gets missed and everything moves along as planned.

Product Benefits:

- **NEW! My Dashboard**
 - Based on the users security rights, now every user can create their own personalized dashboard to help them clean up the clutter and only focus on what they need to.
- **NEW! Order Process Workflow**
 - One centralized place to keep track of all process statuses, or just your own tasks. Also, notify the next person in the process, with a status and specific notes as needed.
- **Multi-User Management**
 - Access to a 10, 15, 20 or 30 licensed, named user solution¹
 - Stronger role-based security
 - Optimized database capacity²
 - **NEW!** Send notifications to other users that they need to log out of Peachtree, or if necessary, manually log them out.
 - Includes industry-specific reports and features
- **Peachtree Business Care³ Plan included with Peachtree Quantum**, which includes 1-year of support, web training and training guides.
- 90-day return policy, 100% satisfaction guarantee⁴

Performance and Speed Benefits:

- Access nearly all reports in **less than a second⁵**.
- Experience up to **90% faster save times⁵** in the most-used areas such as invoices, quotes, sales orders, receipts, purchase orders, payments and more!
- **SmartPosting technology** yielding increased performance in saving transactions and allows greater work efficiency for more users.
- Greater transaction performance improvements should be experienced with more users
- Customers upgrading from older Peachtree versions should experience even greater performance gains when moving to Peachtree Quantum 2010.

¹ Multi User licenses available in of packs of 10, 15, 20 or 30. A maximum of 30 licensed, named users is allowed. Only the first 30 named users selected in the user maintenance screen are considered licensed, named users.

² Peachtree does not impose a hard limit on database capacity, however, individual performance will vary depending on actual number of transactions, database size, and number of concurrent users. Data management efficiencies are also realized in the Peachtree 2010 products.

³ The Peachtree Business Care Plan (which includes product upgrades, product updates, and customer support) will be automatically renewed each year on the anniversary date of your purchase unless you terminate your agreement prior to that date. Renewal is not required for continued access to product updates.

⁴ Return of product and proof of purchase required.

⁵ Performance results are based on recommended system requirements for Peachtree Premium Accounting 2010. Results may vary based on configuration, size and content of data file, system and network traffic. For information on testing environment refer to
